1. All courses are divided into two categories: compulsory courses and optional courses. Compulsory courses include general students' courses and core courses.
2. Credits can be obtained when students' test scores are above 60.
3. All compulsory courses are graded according to one-hundred-point system. Optional courses can use two grading system: one-hundred-point system or five-grade-scoring system. Five grades refer to excellent (A), good (B), average (C), pass (D), and fail (F).
